Administre o Glicovet Gold diretamente na boca do animal, preferencialmente na língua, para que seja absorvido mais rapidamente.

Se o animal recusar a administração direta, misture o medicamento com um pequeno volume de alimento úmido ou suco, lembrando de ser equilibrado e sem gordura, para facilitar a ingestão.

Divida a dose diária recomendada em duas partes, a menos que indicado pelo veterinário, pois isso pode comprometer a eficácia do tratamento.

Manuseie o medicamento com cuidado, lave as mãos após a administração e mantenha-o fora do alcance de crianças e outros animais.

Caso enfrente dificuldades na administração do medicamento ou perceba efeitos adversos no animal, entre em contato imediatamente com o seu veterinário de confiança.

For the majority of the Friday the 13th franchise, Jason had almost no weaknesses. However, later films chose to give him a crippling fear of water.
