Clicker training is the same as

positive reinforcement training, with the added benefit of a clic

ker. A clicker is simply a small mechanical noisemaker. The techniques are based

on the science of animal learning, which says that behaviors that are rewarded

are more likely to be repeated in the future.

Also known as incremental gam

es or idle clickers, most idle games involve tapping on the screen

to rack up currency of some sort. Tap enough and you#39;ll level up, eventually

unlocking new features and systems. The more you play, the more the game grows

and many idle games will even keep playing while you#39;re away.
