In an over-under bet, a sportsbook will predict a number for a given game. Most commonly, this is the total number of points that will be scored. Bettors will then wager that the actual number will be higher or lower than this prediction. With this type of bet, you are not trying to predict the actual score of a match.

Folk horror is a sub-genre with its roots in folklore and fairytale. Myths and legends, often localised according to where the film is set, are used to create an impending sense of doom and a feeling of disconnect between the protagonists and the community.
