On your other device, sign in to the area of the website or a pp where you manage your account, then select options to enable two-factor authentication and an authenticator app. A QR code appears to help you set up an authenticator app. On iPhone, use the camera to scan the QR code. Automatically fill in one-time verification codes on iPhone support.apple : guide : iphone : ios

If you have a new phone, open the Google Authenticator app, tap +, and then Scan a QR code. Hold your new phone up to scan the QR code on your old phone's screen. If you don't have the new phone yet or want to save the code for later, you can take a screenshot and print it.

How to Restore Google Authenticator: 4 Recovery Tricks - wikiHow : Restore-Google-Authenticator

Of course we were going to offer you some new Papa Louie Games on our website today as well, since we know just how much love this category has been getting ever since we have created it, so we are sure that the three new games we will bring you in it today are going to be games to your liking, games that you are going to enjoy from start to finish, just like we always enjoy them as well.
