<p&gt;You can now find the biggest variety of Zuma Games online, playable dir
ectly from your browsers, with no downloads required, 🧬 and all being f
ree and unblocked, as our administrative team has not only brought along the ori
ginal game that inspired 🧬 this series of fantastic bubble shooter game
s, but we have also put fan-made ones inspired by it, with many of 🧬 the
em belonging to other series as well, but using this popular gameplay.</p&gt;
<p&gt;This video game was originally released in 2003, with &#129516; one ye
ar later seeing the release of an updated version we are sure many of you are fa
miliar with, called 🧬 Zuma Deluxe. In 2004 it won the title of game of
the year at RealArcade, which was a great recognition 🧬 in addition to
the huge sales the game did. Since then it has been ported to mobile devices, ne
w consoles, 🧬 and you can play it wherever and whenever.</p&gt;
<p&gt;The rules of Zuma Games explained!&lt;/p&gt;
<p&gt;The game is set in an Amazonian forest &#129516; with ancient temples
and the like, and ceramic balls are moving along a set path in each level, with
the 🧬 paths getting more complicated from one stage to the other one. Y
our goal is to eliminate all of the rolling 🧬 balls before they reach t
he yellow skull, because if they do, it opens its mouth, eats them up, and you &
#129516; lose the stage.</p&gt;
<p&gt;You shoot your balls, two at a time, from a frog statue, using the mous
e, and you can 🧬 change between them with the right mouse button while
using the left one to make the shot after aiming. Aim 🧬 to hit or creat
e groups of three or more identical balls, meaning that they have the same color
, since then 🧬 they explode, and might even create a chain reaction wit
h other ones.</p&gt;
