The Chrome Dino game is a continuous runner game where the T-Rex must avoid obstacles in a desert landscape. The challenge and fun lie in the increasing speed of the game and the random appearance of obstacles. The game lasts until the T-Rex collides with an obstacle, marking the end of that run.

Once you reach that score, the game essentially becomes an endless runner, with no further changes in gameplay. After 99999 score, the dino game resets your score back to 0 but the speed is set to 6000. And, this happens every time you reach 99999 score.
