<p></p><p>Five Nights At Freddy's 4 is the last part of the original Five Nights at Freddy's tale, where you must defend yourself from animatronic characters.</p>
<p>As a youngster with an unknown duty, you must protect yourself until 6 a.m. by keeping an eye on the doors and warding off any unwelcome animals that may venture into your closet or onto the bed behind you. In this version, you have to guard against more animatronic characters than the previous version, including Freddy Fazbear, Chica, Bonnie, Foxy, and even various scarier creatures lurking in the shadows. Your duty will become extremely hard and challenging.</p>

<p>You can only protect yourself with a flashlight. It will scare away anything lurking at the far end of the corridors, but be cautious and listen. If you go too near to anything, flashing lights in its eyes will be your undoing.</p>
<p>Note that Nightmare Fredbear works alone on Night Five and Foxy is in its own. When you check the closet, get ready to shut the door immediately. Check behind you on occasion! If anything sounds out of the ordinary at all, shut the door!</p>
