

valor m#237;nimo de dep#243;sito na blaze

<p>"Windows" redirects here. For the part of a building, see Windows . For other uses, see Windows (disambiguation)</p>

<p>Microsoft Windows is a group of several proprietary graphical operating system families developed and marketed by Microsoft. Each family caters to a certain sector of the computing industry. For instance, Windows NT for consumer and corporate desktops, Windows Server for servers, and Windows IoT for embedded systems. Defunct Windows families include Windows 9x, Windows Mobile, Windows Phone, and Windows Embedded Compact.</p>

<p>The first version of Windows was released on November 20, 1985, as a graphical operating system shell for MS-DOS in response to the growing interest in graphical user interfaces (GUIs).[12]</p>

<p>Windows is the most popular desktop operating system in the world, with a 70% market share as of March 2024 , according to StatCounter.[13] However, Windows is not the most used operating system when including both mobile and desktop OSes, due to Android's massive growth.[14]</p>

<p>As of December 2024 , the most recent version of Windows is Windows 11 for consumer PCs and tablets, Windows 11 Enterprise for corporations, and Windows Server 2024 for servers.</p>
