you must stack objects to cover our orange friends and protect 🤑 from t
he impending acid rain - in space! Our citrusy hero is back for more action, but
this time we're 🤑 in outer space because the toxic gas cloud has f
ollowed us when we were shot into space by accident! All 🤑 you have to
do is drag various objects at your disposal and drop them in a way that forms a
🤑 shelter over the oranges. The menacing cloud will soon pass by. Make
sure to grab the hidden star when this 🤑 happens, and make sure not to
get hit by falling rain drops or environmental hazards like laser beams. There a
re 🤑 40 cleverly-designed levels with puzzles that will make you scratc
h your head. Share Cover Orange: Space with family and friends, 🤑 so yo
u can solve these entertaining space-themed puzzles together!
</p>How do you play Cover Orange: Space?

alter the environment and protect oranges from the acid rain of an evil cloud.
These stage 🤑 elements may vary in any way, from a triangular block to
spiked balls that destroy ice to the oranges themselves. 🤑 Use your fin
ger, mouse or keyboard to position the various objects at your disposal, and dro
p them in a way 🤑 that forms a shelter over the oranges.
