About GTA Games
Introduced to the gaming world in 1997, the Grand Theft Auto (GTA) franchise has evolved and influenced the global gaming industry. Developed by Rockstar North and published by Rockstar Games, GTA Games are action-adventure games known for their open-world and narrative-driven gameplay, often revolving around legendary magical creatures. If you have watched TV series such as Game of Thrones you will be familiar with the awesome power and sheer size of dragons. These fire breathing terrors roam through the sky and wreck havoc and destruction on those who would try and harm them! Dragon browser games are a huge amount of fun and span a wide range of different genres - from RPGs and platform games, to simulations and puzzles - there is a lot to offer.
