A pergunta "Who wins Manchester City?" is frequent in 500 championships and competitions of football where Manchester City is present. The answer to this question varies according to the matches and competitions, once that Manchester City is a competitive team and has success in various competitions.
For example, in the Premier League, the teams that historically have good results against Manchester City include clubs like Liverpool, Manchester United and Chelsea. These teams have had good performances against Manchester City in previous matches, but this does not guarantee a victory in the future games.
In international competitions, like the UEFA Champions League, teams like Real Madrid, Bayern Munich, and Barcelona have had good confrontations against Manchester City. However, just as in the Premier League, the results vary and depend on various factors, including the form of the team, injuries, suspensions and other factors like climate and luck.
In summary, the answer to "Who wins Manchester City?" depends on the match and the competition.
