Trust us when we say that it is not every day that we get to bring you
new and interesting first person shooter games online, especially games tha
t are like this one that you are going to play, a game that we have found t
o be quite unique, and one that we are positive you are going to love playi
ng plenty, because it was our own amazing time with it that made us convinced th
at we had to share it with everyone. From this following part of the articl
e you learn everything you need to know about the game, so why not read to
the end before you start? You are going to move around using the w, a, s, d
keys, while with the mouse you look around as well as shoot. In this game, only
when you are moving the time is flowing, so when you stop, it also stops.
Use this to your advantage in order to avoid enemy shots, and if you do it
right, you then get to have a step ahead of them and shoot them down faster
and take them out, advancing through the stage. Get through one stage after the
other until you completely win the game. Good luck, and if you are up for
more fun, sticking around here and having even more fun with other great g
ames that are coming is certainly what you have to do!

How to play?
Use the mouse and the w, a, s, d keys.
