Poki has the best free online games selection and offers the most fun experience to play alone or with friends. We offer instant play to all our games without downloads, login, popups or other distractions. Our games are playable on desktop, tablet and mobile so you can enjoy them at home or on the road. Every month over 50 million gamers from all over the world play their favorite games on Poki.

This article is about the Nintendo DS version of Modern Warfare 3. For the console versions of the game, see Call of Duty : Modern Warfare 3

2011 video game

Call of Duty: Modern Warfare 3 Defiance is a 2011 first-person shooter video game in the Call of Duty franchise, developed by n-Space for the Nintendo DS. The game takes place in about the same setting as Call of Duty: Modern Warfare 3 and features many elements of gameplay typical to the series, including the usage of iron sights, vehicular missions, and online play.[2] It is the last Call of Duty game to be rated T for Teen by the ESRB. It is also the last Call of Duty game to be released on the Nintendo DS.

Gameplay [ edit ]

The game features the very similar first-person shooter gameplay found in its predecessors. However, the lower screen status display has been updated with new functions including the ability to draw a knife without first moving into melee range of an opponent.

Call of Duty: Modern Warfare 2 Campaign Remastered requires roughly 60 GB and storage space.
