 Alternatively, use the keyboard shortcuts Ctrl + Shift + I for Windows or Linux and Cmd + Option + I for macOS users. Or, right-click on the web page and choose Inspect to access the Developer tools panel. Once the Elements tab appears on your browser window, you can edit the page's source code.</div>

 The first method to open chrome dev tools is by directly installing Google Chrome on your local system. Then, press right-click and select Inspect from the options. This will open the tool panel. Alternatively, you can also press the shortcut key Ctrl + Shift + C on Windows OS or Command + Shift + C on a Mac OS.</div>
